RESOLUTION 19-R-18 revising the Schedule of Fees for Electrical Permits Issued by the City of Murfreesboro Building and Codes Department to include single electrical inspections.

WHEREAS, Murfreesboro City Code, Section 11-9(D), City Electrical Code—Fees, states that "Permit fees for the installation of any electrical system or part thereof, including but not limited to the installation of both new electrical systems and additions, alterations and repairs to existing electrical systems, the installation of electrical fixtures, equipment and devices and appurtenances thereto, shall be as adopted by the City Council"; and,

WHEREAS, Resolution 18-R-24, adopting a Schedule of Fees, passed City Council on August 16, 2018 and was effective August 27, 2018; and,

WHEREAS, below slab, ditch and safety inspections are rough-in-type inspections and identifying the applicable fees separately form the rough-in inspection fee will improve clarity; and,

WHEREAS, there are times when only a single electrical inspection is necessary, and the current Schedule of Fees does not reflect this; and,

WHEREAS, the Building and Codes Department Director recommends a new inspection fee to coincide with those times a single electrical inspection is required.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MURFREESBORO, TENNESSEE, AS FOLLOWS:

SECTION 1. The following Electrical Permit Fees are hereby adopted:
